# A NOTE FROM THE DIRECTOR

*It's the most wonderful time of the year! The Holiday Spirit is not in short supply here at Colts Theatre! This interactive show from playwright Jason Lemire was such a fun show to rehearse. Granted we only had three weeks to get this show up and running, the kids did such an amazing job! This show has an array of holiday classics such as A Christmas Carol, and new takes on holiday stories like where gingerbread men originated, who invented Christmas lights and Disco Elves! We hope you enjoy the show and have a wonderful Holiday Season filled with cheer!*

*Much Love,  
Ms. Vallejo*

# Christmas Sketches

By Jason Lemire

A series of hilarious sketches to celebrate the Christmas season. Sketches include an alternative to Elf on the Shelf, a Christmas Telenovela, a Christmas Tree who just wants a drink of water, an increasingly chaotic retelling of A Christmas Carol, and the secret history of gingerbread cookies that may or may not involve the Queen of England.

# BENCHMARK MORTGAGE

I have been working in the mortgage industry for over 20 years. During that time, I have had the opportunity to help thousands of families achieve the dream of home ownership, as well as helping experienced investors expand their real estate portfolios. I have experience with FHA, VA, USDA, and Conventional financing types. I have worked with agricultural and commercial clients as well. I especially enjoy working with first-time homebuyers navigate the mortgage and home buying process!

Prior to my career in the mortgage business, I was a professional operatic tenor and performed across the US and in Europe. It has been rewarding to be able to volunteer as a vocal coach for my son Hudson and his castmates over the past 2 years at Covington. They are all so wonderful to work with, VERY talented, and it has truly been my honor to help them grow!
